4

As the Process flows through the workflow, certain Users in Roles will need to take Action on the Step

1. The User will receive an email notifying them that there is a process in their Court.
2. When the User logs into e-Builder, from the homepage they can access the Process by clicking the name of the process

1

3. This will take the User straight to the process
4. If there are multiple Users in a role, the User will need to either Accept or Decline responsibility for reviewing the process
 - When an User accepts responsibility the workflow is removed from the other Users court
 - When an User declines responsibility, its removed from their court.
 - Note if all User's have declined responsibility, the last User will automatically accept responsibility
